

PixCripto

Problem

- Difficulty for first-time users to buy cryptocurrencies.
- Exchanges have a confusing interface for the lay user.
- 300 million people worldwide and 10 million people in Brazil invest in cryptocurrency.

PixCripto

Instant and easy conversion of fiat money to cryptocurrency (CUSD or MCO2).

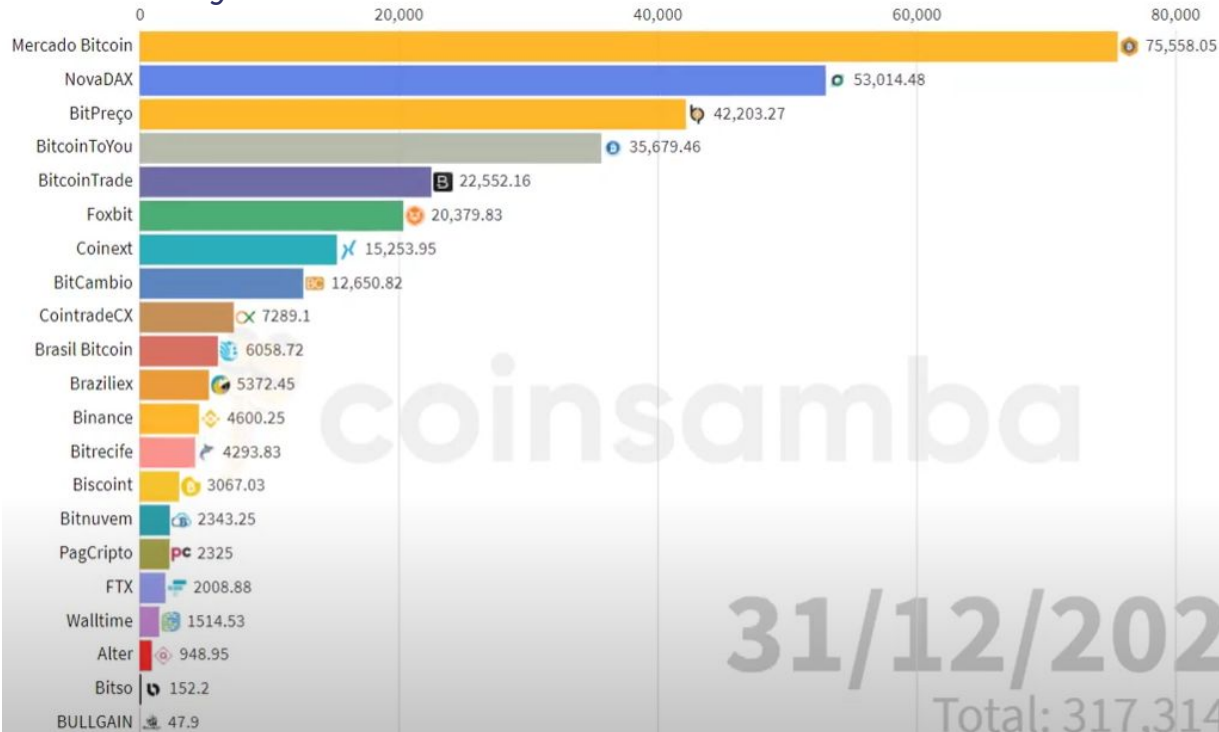

Differential

1. Easy to use, intuitive interface.
2. Buy fast and secure.

Market size Brazil

The crypto market in Brazil is booming like never before, in 2020 alone approximately 104 billion reais were traded only in bitcoin in Brazil.

Amount of Pix users in millions

Número de usuários

Em milhões

— Pessoa Física — Pessoa Jurídica

The expectation is that every user with a bank account will use Pix.
